

PRODUCT DATA SHEET

PRODUCT DESCRIPTION

Real metal (aluminium) faced chipboard or MDF board with decorative surface. Also available as laminate.

Available colours und structures as per the basic collection – see to www.sareco.com.

Additional colours and structures upon request with minimum order quantity and a longer lead time.

APPLICATIONS

Suitable for vertical and partly horizontal applications in residential, public and commercial areas as well as healthcare facilities. Due to its properties their use is particularly recommended for residential furniture, wall paneling, shop fittings and generally for decorative interior applications (→ not for wet and humid areas).

CLEANING AND CARE INSTRUCTIONS

Real metal (aluminium) faced chip and MDF boards or laminates do not require any special care. The surfaces can be cleaned with soft, non-abrasive cloths or sponges. All commercially available cleaning agents on surfactant base are suitable as long as they do not contain any abrasive components. Please also refrain from using strong acids as well as bleaching agents for cleaning.
